1. BMW Eisenach is a Soviet A. G. The managing director is a Russian, Lt Col Konstantin. It has a complement of 3,500 workers.

2. Production at the present moment consists of:

270 cars (BMW Type 321 - two-liter piston displacement) per month  
270 motorcycles (BMW Type 235 - 350 cc) per month

These are exported via Stettin.

3. The main contractors for delivering raw materials are:

Eisenhüttenwerk Thale/Harz - for tin plate

Maximilianhütte - Unterwellenborn - for steel and other metals

Insulated accessories are supplied by Isolierwaren Fabrik J. H. Andrese, Eisenach. This small factory (twenty-six men) draws its raw materials from Espenhain brown coal mines.

4. The German workers of BMW Eisenach receive a thirty to forty pound "Stalin" parcel of foodstuffs each month.

This document contains information affecting the national defense of the United States within the meaning of the Espionage Act, 50, U.S.C. 31 and 32 as amended. Its transmission or the revelation of its contents in any manner to an unauthorized person is prohibited by law.
